### Recruitment of parent volunteers

Dear Parents,

The school attaches great importance to the participation of parents in school education affairs. This can build a partnership between parents and the school and thus nurture our next generation. For years, the important and varied support that our parent volunteers have given has brought many benefits for our school's development. For this new school year, once again, we invite parents to join our school's parent volunteers' team. Volunteering will help you better understand the life of your child at school, show your support for school education and bring benefits for the children. You can also meet different parents, communicate with one another and share your thoughts. This helps parents support each other in raising children.

We hope parents can actively participate in the school's parent volunteers' team. The school will collect the volunteering preferences from parents. We will also liaise with parent volunteers through the Parent-Teacher Association to pass on details of the volunteer schedules before events. Please fill in the reply slip and return it to the class teacher by 4<sup>th</sup> October, 2019.

If you have any enquiries, please feel free to contact the vice principal, Miss Fan Lai Ching.

Mr Lo Wan Kai (Supervisor)  
Ms Kwok Yuen Ki (Principal)
