CLP Power Students E-learning Assistance Programme 2023

Dear Parents,

Our school has applied for the “Students E-learning Assistance Programme” launched by CLP Power. This programme will lend brand new electronic learning equipment (10 iPads with protective cases, Internet data card and Portable Wi-Fi hotspot) to students for use in primary school and the electronic learning equipment will be returned to school until they graduate from primary school.

Since prerequisites to applying for the programme are required, candidate families must meet the requirements of the relevant institutions involved. Parents who do not participate in the school's BYOD programme, and who belong to one of the following categories, can apply for the programme.

Families with full grant or Comprehensive Social Security Assistance Scheme (All supporting documents must be produced) - priority group

Families with Half grant or Working Family Allowance Scheme (All supporting documents must be produced) - tier two group

Families have financial difficulties - need to meet with the principal for consideration

Since the number of places is limited, parents are requested to reply to the notice before 17th October. Those who exceed the deadline will not be re-signed. The school will notify the approval results via Eclass text message before 18th October.

Mr. Yung Chi Ming (Supervisor)

Ms. Kwok Yuen Ki (Principal)

Reply Slip

CLP Power Students E-learning Assistance Programme 2023

I have noted the details of the 'CLP Power Students E-learning Assistance Programme 2023' circular.

I will not apply for the programme.

I will apply for the programme. My family does not participate in the school's BYOD programme and my family belongs to

Families with full grant or Comprehensive Social Security Assistance Scheme

Families with Half grant or Working Family Allowance Scheme

Families have financial difficulties - need to meet with the principal to understand
