New school plan following the suspension of lessons

Dear Parents,

As you are aware, the Education Bureau announced that lessons at all schools across Hong Kong would be suspended from 14 to 19 November inclusive. The school understands that parents are concerned about how this will affect their children's studies and their safety during activities in urban areas. In response to this, we have produced a new plan. The details are as follows:

1	Adjusted dates for exams and supplementary exam-taking (1) The first term exams will now take place on <u>2nd, 3rd and 4th December</u> (Monday to Wednesday). (2) All speaking exams (English, Chinese and Putonghua) will now take place from <u>25th to 29th November</u> . (3) The supplementary dates when students who were absent can take their exams will now be <u>5th and 6th December</u> (Thursday and Friday). These students will take their exams in the mornings of those dates. (4) The new dates for classes to check their exam papers in class with teachers will be <u>9th December</u> (Monday) and <u>11th December</u> (Wednesday).
2	School picnic The location for this year's school picnic will now be Sai Yuen in Cheung Chau (please consult the 'school picnic notice' for details, which will be sent out shortly).
3	Parents' Day The original date of 14 th December (Saturday) has now been changed to <u>21st December</u> (Saturday).
4	Seasonal flu vaccinations The vaccination date will now be <u>22nd November</u> . Students will receive their vaccinations in lesson time.
5	The cancellation of activities (1) There will be no extra-curricular afternoon activities on <u>27th November</u> (Wednesday). However, school will start and finish at the normal time (students will finish school at 3:30 p.m.). There will be no after-school independent study classes on that day. (2) On <u>29th November</u> (Friday), uniformed group activities will be cancelled due to the exams starting the following week. This includes Girl Guides and Cub Scouts meets.

We ask parents to be aware of their children's safety and keep them at home. Please also take note of information from the Education Bureau and news reports. If we receive any updated information, we will notify parents via text message and post information on the school website.

Mr. Lo Wan Kai (Supervisor)

Ms. Kwok Yuen Ki (Principal)
