Parent Account Information for the "Secondary 1 Allocation e-Platform"

Dear Parents,

The Education Bureau has implemented an electronic system for Secondary 1 school place allocation applications. Parents who have registered as users of the "Secondary 1 Allocation e-Platform" using "Smart+" can submit Self-placement, Central Allocation, and Cross-district Placement (if applicable) applications, and check application results through the platform.

The application period for Self-placement under the 2023/2025 Secondary School Places Allocation scheme is from January 2 to 16, 2025. The Education Bureau encourages parents to register for "Smart+" early to enjoy the convenience of a streamlined application process.

Please note that each student has a unique activation code. The physical notification containing your child's activation code will be distributed on November 18 (Monday).

Activation code expiration date: Late July 2025

To help parents understand the application procedures of the "Secondary 1 Allocation e-Platform", the Education Bureau has prepared parent guides, including leaflets and videos.
