\*To help P1 students adapt to the assessment, teachers will read the questions and choices of the paper aloud.

In addition, according to the Education Bureau's Primary School Curriculum Guidelines, schools should provide a wide variety of assessments for Primary One students. Therefore, Primary One students will not be ranked in the three assessments this year. That is, the academic transcript will only show the scores of each subject to reduce the stress of students stemming from the assessments.

### Notes for the students during the exams

#### **A. Exam venue discipline**

1. Students must take the exams according to the timetable set by the school.
2. No extra time will be given if students arrive at school late without a valid reason.
3. Early leave will not be permitted if no special reasons are given.
4. Students will sit according to their class numbers. The seats will be rearranged in single rows.
5. The students are prohibited to talk with their classmates during the exam. If there are any questions, students can ask the teachers.

#### **B. The makeup exams and checking of exam papers**

1. Absentees will take the makeup exams on 6<sup>th</sup> March, 7<sup>th</sup> March and 10<sup>th</sup> March; the marks obtained will not be discounted. If students cannot take the exam on the above dates, the final result will be calculated using the other two terms only.
2. The exam papers will be checked on 11<sup>th</sup> and 12<sup>th</sup> March. For P.1 to P.5 students, they should take the exam papers home for their parents to sign after checking. The exam papers should be returned to subject teachers the next day.

#### **C. Internal Assessments for Secondary School Places Allocation**

1. Unless there are special reasons, sixth-grade students are not allowed to be absent from this examination; the scores from this exam need to be submitted to the Education Bureau's Secondary School Places Allocation Section. If a student is unable to return to school for a makeup exam on the specified date, parents must submit a written application with sufficient reasons, so that our school can apply to the Education Bureau's Secondary School Places Allocation Section for an extension for that student's score submission.
2. The exam papers will not be returned and will be kept by the school.

#### **D. Arrangement for bad weather**

If the Education Bureau announces all primary schools closed in the morning due to a typhoon or other bad weather, the exams will be postponed to the next day.
