Dear Parents/Guardians,

Visiting Hong Kong Public Library

In order to improve students' interest in reading books, cultivate good reading habits, and get used to the community library service, Grade Four to Six students are now arranged to visit the Hong Kong Public Library. Through this activity, students can have a better understanding of the resources of the public library and learn to use the resources of the library publicly, which has indeed improved their self-directed learning habit and ability. On the day of the visit, students participate in the guided tour of the library and borrow books for personal borrowing. The details are listed here.
