Dear Parents/Guardians,

423 World Reading Day

Our school has always been committed to stimulating children's interest in reading through a variety of activities. To this end, our school will hold a reading day on April 23. Through different reading activities, children can learn to read, understand novels, learn to think, ask questions and learn to learn. The activities are listed as follows:

1. Date: April 23 (school hours will remain as usual on that day)
2. Clothing: Casual clothes of the novel characters
3. Goal: Students will know multiple sets of novels and engage in reading
4. Activities:
 - A. Book character show: Students choose their favorite novel characters, then pretend to be the characters in the book that day, and introduce the relevant books. In order to encourage students to engage, our school will give a device ornament of a novel character. Please accompany your children to choose one from the reply slip or buy one on your own.
 - B. Novel Chapter Interpretation Competition: This activity aims to introduce some novel series to students. P3 to P6 students work in groups, and each group chooses a chapter from a novel. During the performance, they can better understand the plot of the story and arouse the interest of the watching students in the novel. Then continue reading these novels and the remainder of the series.
 - C. Book Fair: Students can bring a small amount of cash, or parents can accompany their children to school to purchase directly after school.
 - D. The opening ceremony of the Hong Kong Reading Day, with the whole territory reading together for half an hour.
 - E. Reading games: You must bring your own device.

We sincerely invite your parents to encourage and support your children to participate in the above activities and fill in the reply slip before April 2, or we will not be able to purchase the accessories for your children. If you have any questions, please contact Ms. Chiu from the school librarian.

Yours faithfully,

Mr. Yung Chi Ming (Supervisor)

Ms. Kwok Yuen Ki (Principal)
