Dear Parents

Summer Learning and Back-to-School Arrangements

Summer break is just around the corner, and the school encourages students to make the most of it and develop their generic skills. In line with current digital education trends, we're reducing paper-and-pencil homework, replacing it with diverse summer learning tasks.

Learning Areas	Promoted to P.2	Promoted to P.3	Promoted to P.4	Promoted to P.5	Promoted to P.6
Chinese	<p>The school has distributed summer learning task worksheets to students across all grades. These worksheets cover various subjects and will utilize different e-platforms. Students should complete the summer learning tasks according to the instructions and learning content provided on the worksheets.</p> <p>Students advancing to Primary Four have also received self-study materials for Science. They must complete this self-study during the summer break, following the teacher's instructions, to ensure a smooth transition to next year's Science curriculum.</p>			<div></div> <p>The electronic versions of all learning tasks have been uploaded to Google Drive, making it convenient for students who have lost their hard copies to access them. The school also has a small number of spare worksheets available at the school office for students to collect if needed.</p>	
English					
Maths					
GS					
Reading	<p>We recommend that students regularly read and listen to the Fun and Friends English books during the summer holiday. Additionally, students can visit Hyread to read Chinese books; some of these are also available as Putonghua audiobooks.</p>				

Note: You can find the login information for **Fun and Friends** and **HyRead** in the student handbook.

The start date for the 2025-2026 school year is September 1, 2025 (Monday). The class schedule for the first three days, from September 1 (Monday) to September 3 (Wednesday), will be from 8:30 AM to 12:00 PM. Regular classes will officially begin according to the timetable starting September 4, 2025 (Thursday). Additionally, during the holiday period, parents are encouraged to pay attention and assist their children in completing the aforementioned summer learning tasks. Students who have not collected their summer assignments should pick them up at the school office during office hours from July 14 to July 18.

To help students prepare before the school year begins, the school will arrange for each grade to hold a ZOOM orientation meeting with their homeroom and subject teachers on August 28, 2025 (Thursday). Details will be communicated to parents via the E-class system in mid to late August. If you have any questions, please contact Mr Cheng Wai Kin.
