“Parent-Child Family Fun Photographs taken during the Epidemic” Competition

Dear Parents,

One impact of the epidemic is that, many activities cannot be carried out due to social distancing restrictions, including parent-child travel and parent-child competitions originally scheduled by the Parent & Teacher Association. In view of this, the Association applied to the Committee on Home-School Cooperation to replace the activity planned originally with the “Parent-Child Family Fun Photographs during the Epidemic” Competition". We hope that through this competition, we can still provide parents with the opportunity to engage in a variety of activities with their children and help them provide a nurturing, positive and happy environment in which to raise them.

Parents can choose one of the following topics as the photographs theme:

(1) Doing healthy exercises together

(2) Getting in touch with nature

(3) We are chefs

The family photo must be accompanied by a 50-100 word description (to describe the feelings of the happy moments shared between the parent and child). Only one entry can be submitted for each topic.

The participants in the competition will be issued a certificate of active participation, and the award-winning students will receive a nice prize. The photos and written pieces submitted texts will also be included at the PTA magazine. We hope that all parents will give their support and work together to build a happy family – fighting the virus together.

Interested parties should submit their entries online at <https://forms.gle/12hXQ2quLWsh4KAw8> or via scanning the QR code below before 18th June, 2021.

Note: Parents can also participate in this competition simultaneously via the "One-Minute Challenge" competition platform of the Sports Department.

We hope parents can actively participate in the competition. For further details of the competition, please feel free to contact Miss Fan.
